

Content Editing Prompts

GPT output content prompts for the current Printable Spelling Quiz GPT.

CONTENT-01 Add Missing Content

Example 1

Add the missing certificate page.

Example 2

Add the missing answer key after the activity page.

Example 3

Add the missing review/practice word list page.

Prompt

Edit the GPT output content only.
Add [DESCRIBE WHAT YOU WANT].
Keep approved pages unchanged.
Do not change words, answers, page titles, page order, quiz format, grade level, theme, examples, or activities unless needed to add the missing required content.

CONTENT-02 Remove Wrong Content

Example 1

Remove a publisher review note from the final content.

Example 2

Remove a duplicated page title.

Example 3

Remove a drawing-line matching instruction.

Prompt

Edit the GPT output content only.
Remove [DESCRIBE WHAT YOU WANT].
Keep approved content unchanged.
Do not change answer keys, page order, quiz format, grade level, theme, or activities unless the removed item breaks an approved rule.

CONTENT-03 Change Text Or Page Detail

Example 1

Change 'Ocean Quiz' for 'Ocean Animals Quiz'.

Example 2

Change the wrong page title for the approved page title.

Example 3

Change the subtitle for the exact approved subtitle.

Prompt

Edit the GPT output content only.
Change [CHANGE THIS] for [THAT].
Do not change anything else.
Keep answers, page order, quiz format, grade level, theme, examples, and activities unchanged unless this exact text change requires it.

CONTENT-04 Edit Text Replace

Example 1

Replace 'Copyrght' with 'Copyright'.

Example 2

Replace 'speling' with 'spelling'.

Example 3

Replace the wrong title with the approved title.

Prompt

Edit text only.
Replace [XXX] with [YYY].
Do not rewrite the page.
Do not change answers, page order, quiz format, grade level, theme, examples, or activities.
Return the corrected text only.

CONTENT-05 Verify Content

Example 1

Verify every answer key matches its activity page.

Example 2

Verify every activity page is followed by its answer key.

Example 3

Verify Mixed Quiz Pack uses approved activity types only.

Prompt

Verify [DESCRIBE WHAT YOU WANT].
Check the GPT output content only.
Do not change the PDF layout.
If a problem exists, list the broken page numbers and rewrite only the broken page or page pair.

CONTENT-06 Fix An Activity And Answer Key Pair

Example 1

Fix a mismatched Multiple Choice answer key.

Example 2

Fix a bonus answer that does not match the quiz page.

Example 3

Fix an answer key that points to the wrong Use With page.

Prompt

Check this activity page and answer key pair.
Fix only answer mismatches.
Keep the page title, page order, quiz format, grade level, theme, and activity type unchanged unless the mismatch requires a direct correction.
Return the corrected page pair only.

CONTENT-07 Rewrite One Broken Page

Example 1

Rewrite only Page 12 because the answer key is wrong.

Example 2

Rewrite only the broken Fill In The Missing Letters page.

Example 3

Rewrite only the page with corrupted words.

Prompt

Rewrite only this broken page:
[PAGE NUMBER]
Issue:
[DESCRIBE WHAT YOU WANT]
Keep all other approved pages unchanged.
Do not move directly to PDF export after the rewrite.
Return the corrected page only.
